Our Free Time

In my family everybody has a **hobby**. I play chess and read books. I'm not good at football, but I love watching it with my father.

My sister Lola loves drawing. She is very good at it, and she draws every evening. My brother collects old coins. He is interested in history, so he reads a lot about them.

On Sundays my parents go for a walk in the park. My mother takes photos of birds and my father enjoys feeding the ducks.
