The Museum Trip

Day 1 · 20 words from Units 1–3 in blue

What to do: Read it aloud together, then answer the questions. The blue words are this week's 20 words.

Last Friday our class went on an **adventure**: a trip to the science museum. We **arrived** at nine. There were a lot of rooms, and there was a big model of every **planet**. In one room there was a robot **alien** with green eyes. It said hello in a **loud** voice, and my little friend Zarina was **afraid**. She wanted to **hide** behind me! "Don't worry, you are **safe**," I said, and we all **laughed**.

Then a scientist showed us an **experiment**. She mixed two **chemicals**, and a white **cloud** came out of the glass. "Is it a **trick**?" Bobur asked. "No, it's science!" she said. "Can you **describe** what happened?" Bobur is very **clever**, and he answered right away.

After lunch we went to the museum **library**. I was **nervous** because I had a test on Monday, and I didn't want to **fail** it, so I read a book about stars. Our teacher wasn't **angry** about the noise; she smiled and told us a **secret**: "Next year we are going to visit the planetarium!" Did we like the trip? Yes, we did!

? Answer

1 What was in the first room? · 2 Why was Zarina afraid? · 3 What happened in the experiment? · 4 What secret did the teacher tell?

New words

What to do: Say each word, read the example, then copy the 20 words into the copybook: word · Russian · own example.
