Grammar explained

Name _____

1 · Past simple and present perfect

Class Book p. 18

THE BIG IDEA

Use the past simple for actions that started and finished in the past, with a finished time (yesterday, last week). Use the present perfect for actions in the past that are still true or important now, without saying exactly when.

Past simple — законченное в прошлом, с определённым временем (вчера). Present perfect — связано с настоящим, время не называем (результат виден сейчас).

How to make the sentence

1. Do you say when (yesterday, last week, in 2020)? Yes → past simple.
2. Is the time not important and the result is true now (the garden looks terrible)? → present perfect.
3. Past simple: verb + -ed or irregular: cut, went, saw.
4. Present perfect: have / has + past participle: I've cut the grass.

The pattern

WHICH	PATTERN	EXAMPLE	РУССКИЙ
Past simple	verb in the past · finished time	**I cut the grass yesterday. It was great!**	Я косил траву вчера.
Present perfect	have / has · past participle (no finished time)	**I've cut the grass and I've tidied up the leaves.**	Я скосил траву и убрал листья (результат сейчас).
Question past	Did · subject · base verb · finished time?	**Did the machine work? Yes, it did.**	Машина работала?
Question perfect	Have / Has · subject · past participle?	**Have you tidied your room?**	Ты убрал комнату?
Time words	past: yesterday · last week · in 2019 · ago | perfect: ever · never · just · already · yet	**I saw it two days ago. / I have never seen it.**	
Today / this week	not finished yet → present perfect	**I've done my homework today.**	Сегодня я уже сделал уроки.

1. Choose the time word: already, yet, just or before.
2. already / just: between have and the past participle: I've already built the set. She has just finished.

Class Book p. 17 · Working with words

THE BIG IDEA

Some words have letters that we write but do NOT say. They are silent letters. We have to learn them one by one.

Непроизносимые буквы: пишем, но не читаем. Например, gh в light, k в know.

How to make the sentence

1. Look for the pattern: gh before t (light, night, straight): gh is silent.
2. kn at the start of a word: k is silent (know, knee, knife).
3. Say the word aloud. Which letter do you NOT hear?
4. Write the word with the silent letter. It is easy to forget it.

The pattern

WHICH	PATTERN	EXAMPLE	РУССКИЙ

k before n	kn-	**know · knee · knife**	k не читается
w before r	wr-	**write · wrong · wrap**	w не читается

How to make the sentence

2. List the characters: Katie – a 12-year-old girl · Mom – Katie's mom.
3. Describe where the scene is: Katie's living room.
4. Write each line like: Mom: ... and add stage directions in brackets: (Mom enters from the kitchen.)

The pattern

Lines	**Name:** **what they say**	**Katie: Where is everyone?**	Реплика.
Stage directions	(in brackets, present tense)	**(Mom enters from the kitchen. She sees Katie and stops.)**	Ремарка в скобках.

Watch out! We often say...

~~Writing 'Mom said ...'~~	**Write: Mom: ...**
