Murphy explained

Name _____

M1 · Unit 13 · I was doing (past continuous)

Murphy Unit 13 · pp. 36–37

THE BIG IDEA

I was doing = I was in the middle of an action at a certain time in the past. The action had started before that time and was still going on.

Past continuous: в тот момент в прошлом я был в процессе действия (оно уже шло).

How to make the sentence

1. Pick the time in the past: at 8 o'clock last night.
2. Choose was (I / he / she / it) or were (we / you / they).
3. Add the verb + -ing: I was watching TV.
4. For no: wasn't / weren't. For a question: put was / were first.

The pattern

WHICH	PATTERN	EXAMPLE	РУССКИЙ
Yes	I / he / she / it · was · verb-ing · we / you / they · were · verb-ing	**At 8 o'clock I was having dinner.**	В 8 я ужинал.

Question	Was / Were · subject · verb-ing?	**Was he working? Were you watching TV?**	Он работал?
Spelling	run → running · sit → sitting · write → writing · lie → lying	**She was running. They were writing.**	Бежала. Писали.
Not used with	know · like · want · love (state verbs)	**I knew him. (not: I was knowing him)**	Я знал его.

Watch out! We often say...

M2 · Unit 14 · I was doing and I did (past continuous and past simple)

Murphy Unit 14 · pp. 38–39

THE BIG IDEA

Past simple = a finished action, short or complete. Past continuous = the longer action that was in progress. Use both together when a short action happens in the middle of a long one.

Past simple — законченное (короткое) действие. Past continuous — действие, которое шло. Вместе: длинное шло, и тут случилось короткое.

How to make the sentence

1. Find the long action (it was in progress): was sleeping.
2. Find the short action (it happened in the middle): the phone rang.
3. Long action = was / were + -ing. Short action = past simple (-ed or irregular).
4. Join with when or while: I was sleeping when the phone rang. While I was sleeping, the phone rang.

The pattern

WHICH	PATTERN	EXAMPLE	РУССКИЙ
Long + short	was / were -ing when past simple	**I was walking home when I saw an accident.**	Я шёл домой, когда увидел аварию.
While	while was / were -ing, past simple	**While I was walking home, I saw an accident.**	Пока я шёл домой, я увидел аварию.
Finished	past simple only	**I walked home. (all the way, finished)**	Я дошёл домой.
Two long	while past continuous past continuous	**While Mom was cooking, I was doing my homework.**	Пока мама готовила, я делал уроки.
Two short, one after another	past simple past simple	**She opened the door and came in.**	Открыла дверь и вошла.

Watch out! We often say...

M3 · Unit 36 · I used to ... (used to) Murphy Unit 36 · pp. 82–83

THE BIG IDEA

We use used to + a verb for things that were true for a long time in the past, but are not true now. We also use it for things we did again and again.

Used to — «раньше» (много раз или долго), а теперь по-другому. Одна форма для всех лиц.

How to make the sentence

1. Think about the past and now: before yes, now no.
2. I / he / she / we / they + used to + the plain verb.
3. No: didn't + use to (no -d). Question: Did ... use to ...?
4. Do NOT use used to for something that happened only once (Yesterday I went to the store).

The pattern

WHICH	PATTERN	EXAMPLE	РУССКИЙ
Yes	subject used to base verb	**I used to live in a small town.**	Раньше я жил в маленьком городе.
No	didn't use to base verb	**She didn't use to like fish.**	Раньше она не любила рыбу.
Question	Did subject use to base verb?	**Did you use to play the piano?**	Ты раньше играл на пианино?
Compare	used to (past) ↔ present simple (now)	**I used to be shy, but now I'm not.**	Раньше я был стеснительным.
Not used to	be used to = I'm familiar with it (different meaning!)	**I'm used to getting up early.**	Я привык рано вставать.

Watch out! We often say...

~~I use to live here~~	**I used to live here**
