THE BIG IDEA

We use going to for plans we have decided (before speaking) and for predictions when we can see something now.

Going to — планы, которые уже решены, и предсказания по тому, что мы видим сейчас.

How to make the sentence

1. Plan? (decided before): I'm going to + plain verb.
2. Prediction (you see signs)? It's going to rain.
3. No: I'm not going to · isn't going to · aren't going to.
4. Question: Are you going to ...? What are you going to do?

The pattern

WHICH	PATTERN	EXAMPLE	РУССКИЙ
Plan	am / is / are going to base verb	**I'm going to learn to swim.**	Я собираюсь научиться плавать.
Prediction	It / He / She 's going to base verb	**Look at the clouds! It's going to rain.**	Смотри на тучи! Пойдёт дождь.
No	isn't / aren't / I'm not going to base verb	**He isn't going to come.**	Он не придёт.
Question	Are / Is subject going to base verb?	**Are you going to buy it?**	Ты собираешься это купить?
Compare will	will = decided now · going to = decided before	**I'll help you. (now) / I'm going to move. (plan)**	

Watch out! We often say...

~~I going to learn~~	**I'm going to learn**
~~He is going to comes~~	**He is going to come**
~~It will rain (I see black clouds)~~	**It's going to rain**
~~Are you going buy?~~	**Are you going to buy?**

Try it! Circle or write the right answer

1 Look at the clouds! It ___ rain. (is going to / will to)

2 I ___ going to learn to swim. (am / do)

3 He isn't ___ to come. (going / go)

4 ___ you going to buy it? (Are / Do)

5 What ___ you going to do tomorrow? (are / will)
