5 Read and write T (true) or F (false)

Read the text. Write T or F.

Today many gadgets are used every day. Smartwatches are worn by millions of people, and drones are used for photos and delivery. The first smartphone was sold in 1994, but it wasn't as smart as ours. Many old gadgets, like the cassette player, aren't used anymore. New devices are made in factories around the world, and they are often controlled by apps.

1. Smartwatches are worn by millions.

   _____

2. Drones are used for photos and delivery.

   _____
