Zarina's Green Plan

Zarina is sixteen and she wants to help the planet. She has a long plan. “When I get a job,” she says, “I'll buy an **electric bike**, and I'll leave my family's car at home.”

Her plan has many steps. As soon as she saves enough money, she'll put **solar panels** on the roof of her house. Before she leaves home every morning, she turns off all the lights, and when she gets home from school, she **refills** her water bottle instead of buying a new one.

“Small steps matter,” Zarina says. “When everybody does a little, we'll all see a big change.” Her friends laugh at her sometimes, but they have started to help. “Until we find a better way, we'll use less plastic,” says her best friend. Zarina smiles.

WORD HELP

electric bike — электровелосипед
refill — наполнить снова
save — копить
solar panel — солнечная панель
roof — крыша

Read it aloud two times. Then close the page and tell your partner three things you remember.
