Model and your task

Day 2 · Writing

What to do: The underlined idea in the model: there was / there were + a place.

My Grandmother's Garden

When I was six, I was often at my grandmother's house in a small village. It was a warm place and there was a big garden behind the house. My cousins and I were always there in summer.

In the garden there were a lot of fruit trees: apples, pears and cherries. There was also an old well in the middle of the garden. I was afraid of it, because it was very deep, and I never went near it alone.

We were very happy there. My grandmother was kind and she was always cooking. Now the house is different. There is a new road and there aren't any trees. But I still remember the smell of the apples.

A Choose ONE: a place I remember
