RUSSIAN AND ENGLISH

Русский глагол сам показывает время («играл», «играю», «буду играть»). В английском время показывает ПОМОЩНИК (do/does, am/is/are, did, going to), а глагол потом остаётся простым.

Watch out! We often say...

~~Yesterday I play soccer.~~	**Yesterday I played soccer.**
~~Tomorrow I play.~~	**Tomorrow I'm going to play.**
~~I am play now.~~	**I'm playing now.**
~~Did you played?~~	**Did you play?**
