Unit 13 · Past simple: regular verbs (+ −)

Name _____

THE BIG IDEA

We use the past simple for things that are finished. Regular verbs get -ed. In a negative sentence we use didn't and the verb stays plain.

Past simple — законченные действия в прошлом. Правильные глаголы получают -ed. В отрицании: didn't + простой глагол.

How we build it

WHICH	PATTERN	EXAMPLE	РУССКИЙ
+	subject verb-ed	**I played soccer.**	Я играл в футбол.
No	subject didn't plain verb	**She didn't cook.**	Она не готовила.
Spelling 1	most verbs: + ed	**play → played**	
Spelling 2	ends in e: + d	**live → lived**	
Spelling 3	consonant + y → ied	**study → studied**	
Spelling 4	one short vowel + consonant: double it	**stop → stopped**	
Sound	-ed sounds like t, d or id	**worked · played · wanted**	

When we use it

Say what happened: We visited a museum.
Сказать, что случилось.

Say what did NOT happen: I didn't watch TV.
Сказать, чего не было.

Tell a story: She opened the door and looked inside.
Рассказать историю.

REMEMBER

Finished in the past → verb + ed. In the negative: didn't + plain verb (no ed!).

RUSSIAN AND ENGLISH

Russian: past = «жили, играл, готовила» (a different ending for each gender). English: ONE ending for everybody: -ed. And in the negative the -ed MOVES to 'didn't': I didn't PLAY (not 'played').

Watch out! We often say...

~~I didn't cooked.~~	**I didn't cook.**
~~She playd.~~	**She played.**
~~They live 5,000 years ago.~~	**They lived 5,000 years ago.**

EASY TRICK

The -ed is a «past stamp» and goes on ONE word only. After didn't the stamp is used, so the verb stays plain: I cooked · I didn't cook.

Try it! Circle the right answer

1. Yesterday I ___ soccer. (play / played)
2. live → ___
3. I didn't ___. (cooked / cook)
4. We ___ TV last night. (watched / watch)
5. study → ___
6. stop → ___

Answers: 1 played · 2 lived · 3 cook · 4 watched · 5 studied · 6 stopped
