Unit 2 · Past simple: was / were, had, and regular verbs

Name _____

THE BIG IDEA

The past simple tells about finished actions. Be and have have special past forms; regular verbs end in -ed.

Past simple — законченное действие в прошлом. Be → was / were, have → had, а правильные глаголы получают -ed.

How we build it

WHICH	PATTERN	EXAMPLE	РУССКИЙ
be	I / he / she / it WAS · we / you / they WERE	**All our friends were there.**	Все наши друзья были там.
have	had	**We had a concert.**	У нас был концерт.
Regular verbs	verb -ed	**Amy played the violin.**	Эми играла на скрипке.
Double letter	short vowel consonant → double it -ed	**clap → clapped**	
No	wasn't · weren't · didn't base verb	**I didn't play the guitar.**	Я не играл на гитаре.

When we use it

Tell about yesterday: Last night I played my drums.
Рассказать о вчера.

Say when: Two weeks ago, they had a party.
Сказать, когда.

Say what did not happen: She didn't play.
Сказать, что не было.

REMEMBER

yesterday · last night · last week · two weeks ago → the verb is in the past.

RUSSIAN AND ENGLISH

In Russian the past ends in -л (играл). In English regular verbs end in -ed. Be careful: was / were and had are different forms.

Watch out! We often say...

~~We have a concert yesterday.~~	**We had a concert yesterday.**
~~They was at the concert.~~	**They were at the concert.**
~~I play the drums last week.~~	**I played the drums last week.**
~~She didn't played.~~	**She didn't play.**

EASY TRICK

Past time words (yesterday, last week, two years ago) = a past verb. After didn't the verb is plain: didn't play (not didn't played).

Try it! Circle the right answer

1 We ___ a concert last week. (have / had)

2 They ___ at the concert. (was / were)

3 Amy ___ the violin yesterday. (play / played)

4 I didn't ___ the guitar. (played / play)

5 clap → ___

6 Everyone ___ great. (was / were)

Answers: 1 had · 2 were · 3 played · 4 play · 5 clapped · 6 was
