Unit 3 · Past simple: irregular verbs, negatives and questions

Name _____

THE BIG IDEA

Irregular verbs have their own past forms. In questions and negatives we use did / didn't and the verb goes back to the base form.

У неправильных глаголов своё прошедшее время. В вопросе и отрицании past показывает только did, а глагол — начальная форма.

How we build it

WHICH	PATTERN	EXAMPLE	РУССКИЙ
Irregular	learn each one	**go → went · see → saw · buy → bought**	ходить, видеть, покупать
No	didn't + base verb	**We didn't go to school.**	Мы не ходили в школу.
Question	Did + subject + base verb?	**Did you see the skeleton?**	Ты видел скелет?
Short answer	Yes, I did. / No, I didn't.	**Did they go? Yes, they did.**	
Wh- question	Wh- + did + subject + base verb	**What did you see?**	Что ты видел?

When we use it

Tell about a trip: We went to the museum and saw a skeleton.
Рассказать о поездке.

Ask about a trip: Where did you go?
Спросить о поездке.

Say what you did not do: I didn't buy a postcard.
Сказать, чего не делал.

REMEMBER

yesterday · last week · two years ago + went / saw / bought … → past simple. In questions and negatives the verb goes back to the base form (go, see, buy).

RUSSIAN AND ENGLISH

In Russian we say «Ты ходил?» with the past form of the verb. In English the past is shown ONCE: in did. Did you go? (not 'Did you went?').

Watch out! We often say…

~~We didn't went to school.~~	**We didn't go to school.**
~~Did you saw the skeleton?~~	**Did you see the skeleton?**
~~I buyed a model.~~	**I bought a model.**
~~She goed to the zoo.~~	**She went to the zoo.**

EASY TRICK

The past is shown ONCE. Did = past, so the verb stays plain: Did you SEE? (not Did you saw?).

Try it! Circle the right answer

1. We ___ to the museum. (go / went)
2. I ___ a model. (bought / buyed)
3. We didn't ___ to school. (go / went)
4. Did you ___ it? (saw / see)
5. Yes, they ___. (did / went)
6. ___ did you go? (Where / Did)

Answers: 1 went · 2 bought · 3 go · 4 see · 5 did · 6 Where
